- LANGUAGES | C , C++ , HTML , CSS , Python , Javascript .
- TECHNICAL SKILLS | DSA , DevOps , OOPS , Operating System , Computer Networks , Cloud Computing .
- TOOLS | Visual studio code , Git and Git hub , Docker , Jenkins , AWS (EC2) .
- DATABASE | SQL , NoSQL(MongoDB)
- SOFT SKILLS | Team player , Adaptable , Leadership , Communication

INTERNSHIPS

Intrainz - Web Development March 2023 – June 2023

IBM Skillsbuild - FEWD SI June 2024 – August 2024

PROJECTS

- CAMPUSCONNECT

  Is a dynamic platform that keeps students informed about ongoing and upcoming placement interviews across campuses. Stay ahead with real-time updates, schedules, and essential insights—all in one place.

- AGRIMARKET

  A platform that empowers farmers by connecting them directly to markets, enabling better pricing and increased profitability. It bridges the gap between producers and buyers, fostering a sustainable agricultural ecosystem.

- EDUPING

  Students often receive long emails and messages filled with details, but finding the important points like date, venue, or deadline takes time and can be confusing. Many times, these details are missed, leading to last-minute rush or forgotten events . Eduping is simple system that can automatically pick out the key information and remind users on time.

ACHIVEMENTS

- Hack Kshetra 2024 – Attended hackathon held in Vidhyavardhaka college of engineering.
- EDGE AI 2024 – Participated in the competition .

CERTIFICATIONS

- Web development internship certificate
- IBM skillsbulid FEWD certificate
- DevOps Mastery Specialization - Coursera
